New Works Housing Scheme, Linstead  
P.O. St.Catherine

## Profile Summary

Final-year Computer Network and Security student with a strong foundation in network infrastructure and cybersecurity. Proven track record of maintaining 99.9% operational continuity during a technical internship at TransJam Highways. Currently expanding expertise through CCNA and Fortinet Certified Associate (FCA) certifications (both in progress). Hands-on experience with LAN/VLANs, OSPF/EIGRP routing, and hardware configuration, combined with a rigorous approach to data integrity and technical auditing.

## Education

### Bachelor of Science Computer Network and Security | Final Year

2022-Present

In Progress

### Associate in Computing

2022-2024

In Progress

## Certifications

### CCNA

- In Progress

### Fortinet Certified Associate

- In Progress

## Work Experience

### IT Intern | TransJam Highways

05/2025-08/2022

- Coordinated the setup and distribution of technical equipment across multiple departments to ensure 99.9% operational continuity.
- Managed physical inventory of hardware and networking components with high precision, maintaining detailed configuration records.

### Poll Clerk | Electoral Office of Jamaica

02/2020 - 09/2021

- Supervised the distribution of sensitive materials under rigid operational procedures, demonstrating the level of accountability required for high-stakes network environments.

### Census Taker | STATIN |

2022

- Audited high-volume digital datasets, maintaining 100% data integrity through rigorous verification protocols.

## Skills

- **Technologies:** LAN, VLAN, STP, Etherchannel, OSPF/EIGRP, FHRP, DHCP, DNS
- **Software and Tools:** Wireshark, GNS3, Cisco Catalyst Switches (2960, 3750, 3850 series), Cisco 7200 Series Routers, Fortigate 7.4.6, Ubuntu
- **Platforms:** Cisco, Fortinet, Ubuntu
